#CARRY YOUR OWN PEN

A pen of one's own is essential right now, helping to limit contact with shared surfaces. Play it safe. Carry your own pen. Carry Cross.

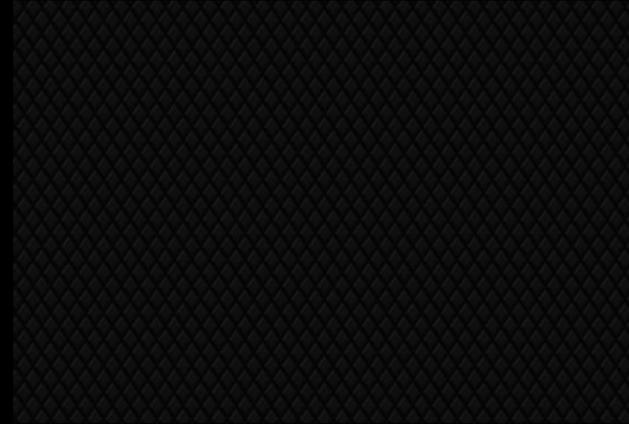

EVERGREEN

A fresh start. The colour of new beginnings. Lush, pure, strong.
Green is nature's shade. A celebration of life. Green is forever.

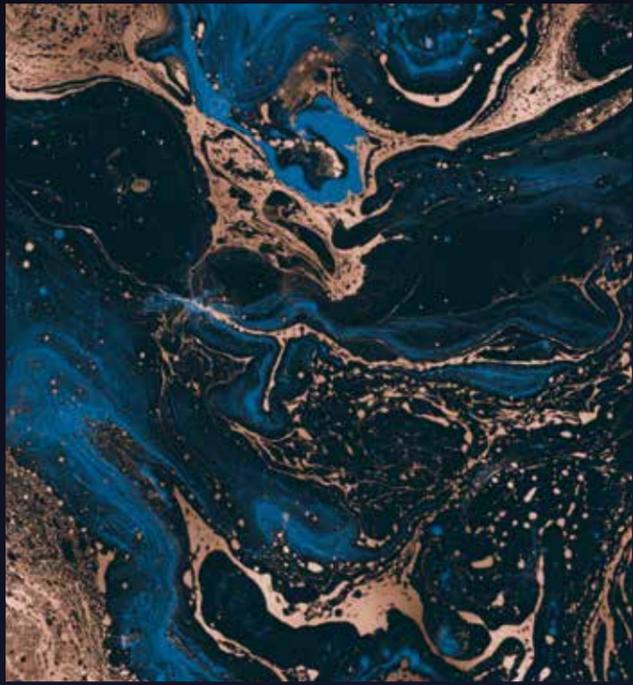

FADE TO BLACK

Sleek, clean lines. In a palette inspired by industrial design. Subtle texturing adds fine detail. Discover modern style, under cover of darkness.

TRUE BLUE

Blue draws the eye from sea to sky. Calm, cool and confident.
Enduring, reassuring. Touched with luxe. Truly welcome right now.

THE PEN OF PRESTIGE

Peerless celebrates the proud heritage of Cross. Crafted with a respect for fine design and excellence in performance, the silhouettes have a luxurious, important presence. Quite simply, peerless.

TIP TECHNOLOGIES

Cross luxury writing instruments are available in a wide variety of tips to suit many consumers' needs.

Depending on the item, the tip technologies available are:

FOUNTAIN PEN

One of the oldest styles of writing instruments, fountain pen nibs actually adapt to your own personal grip and writing style over time, creating lines on the page that — like your signature — are all your own. Ink flows by capillary action from an ink reservoir to the fountain pen nib, which is the delicate split metal mechanism that contacts the paper. A favourite of the true connoisseur, fountain pens are each a work of art in their own right.

Cross offers nibs in two widths: Medium & Fine

Five different materials

Cross Fountain Pens support two different feed systems:

Cartridge, or a replaceable capsule full of ink, which is inserted into the neck of the nib.

Converter, which allows the writer to load liquid bottled ink and insert it into the writing instrument.

BALLPOINT PEN

The Ballpoint is the most popular tip technology and in many ways the simplest. A Ballpoint Pen uses a small rotating ball made of carbide to disperse ink as you write. This ball acts as a buffer between the material you're writing on and the ink inside the pen. The ball rotates freely and rolls out the ink as it is continuously

fed from the ink reservoir.

Ballpoint Pens are not capped, but instead retract and store via a rotating mechanism in the barrel.

Low maintenance and easily refillable, the Ballpoint Pen is the option for the everyday pen user.

PENCIL

Cross mechanized pencils are offered in all Century finishes. The size of the mechanical pencil's line is 0.7 mm, which is determined by the width of the lead.

For the traditionalist as well as professionals in drafting and drawing fields, Cross Pencils offer fine quality and a Lifetime Mechanical Guarantee.

SELECTIP® ROLLERBALL

Our most versatile tip technology is proprietary to Cross, and is known as Selectip Rollerball. A Selectip allows you to "select" the kind of refill you want to use in this writing instrument from the following options:

Gel Rollerball (a mix of Ballpoint ease of use and the elegance of Fountain Pen ink-flow)

Jumbo Ballpoint (Ballpoint technology with a bolder, fuller write-out)

Porous-Point (most commonly known as a Flair or Marker Point)

The inks in a rollerball are generally aqueous based.

This results in a smoother, fluid (or wet) lay-down of ink similar to a Fountain Pen. Aqueous based inks, due to their fine fluidity, also tend to dry out quicker, thus care must be taken to always cap, or retract, Selectip pens between uses.

Unlike Ballpoint Pens, most Selectip Pens have a separate cap which prevents the ink from drying during storage.

GEL INK PEN

The tip technology of gel ink has been rapidly gaining popularity over the past few years, and Cross now has several retractable gel ink writing instruments.

Gel inks are generally aqueous based. This results in a smoother, fluid (or wet) lay-down of ink similar to a Fountain Pen.

Aqueous-based inks, due to their fine fluidity, also tend to dry out quicker, thus care must be taken to always retract the tip after use.

EXCLUSIVE CROSS FINISHES

Cross offers a variety of precious metals in our Classic Century, Century II, Townsend, and Cross Peerless 125 product lines. These collections are made from the finest and most precious metals on earth. From Sterling Silver to Platinum Plate to 10CT Gold Filled, 14CT Gold Filled, and Solid 18CT Gold, these items have long served as the hallmark of Cross craftsmanship, beauty, and renowned quality. Some points of differentiation in the Precious Metals Collection:

STERLING SILVER

Sterling silver must contain 92.5% silver. The balance can be any other material, but is mostly copper for increased durability. These pens have a softer feel to them, and carry an elegance that grows with age.

PLATINUM PLATE

A contemporary update to the 100-year-old technique of electroplating, the use of platinum provides a clean, universal shine that is unmatched in any other precious metal. Perhaps the most in-demand of the precious metals collection, platinum offers elegance, style, and versatility.

RHODIUM PLATE

Rhodium, like gold, is a noble precious metal with a bright white colour. It is nontarnishing and will remain shiny throughout its life.

SOLID 18CT GOLD

Our stunning 18CT gold offerings are 75% pure gold. A much softer metal than the other gold offerings in our line, its shade is the gold most commonly associated with the metal itself. Notable by a single black lacquer band around the top of the cap in our Century line. The 18CT offerings mark the finest in quality and are true heirlooms. The cap and barrel of the pens are 100% 18CT gold. While the content of the gold itself is not pure gold in our 18CT offerings, the pen shells are made of 18CT gold.

GOLD FILLED OR ROLLED GOLD

Also called gold overlay. A layer of either 10CT, 14CT, or 18CT gold is permanently bonded by heat and pressure to the surface of a support metal, then rolled or drawn to a prescribed thickness. The result is a higher gold content than would be achievable through gold plating, and due to the strength of the metal to which it is bonded, is actually stronger than solid gold. Gold filled provides the look and feel of solid gold, but without the natural softness and sensitivity of this precious metal.

SWAROVSKI® CRYSTAL

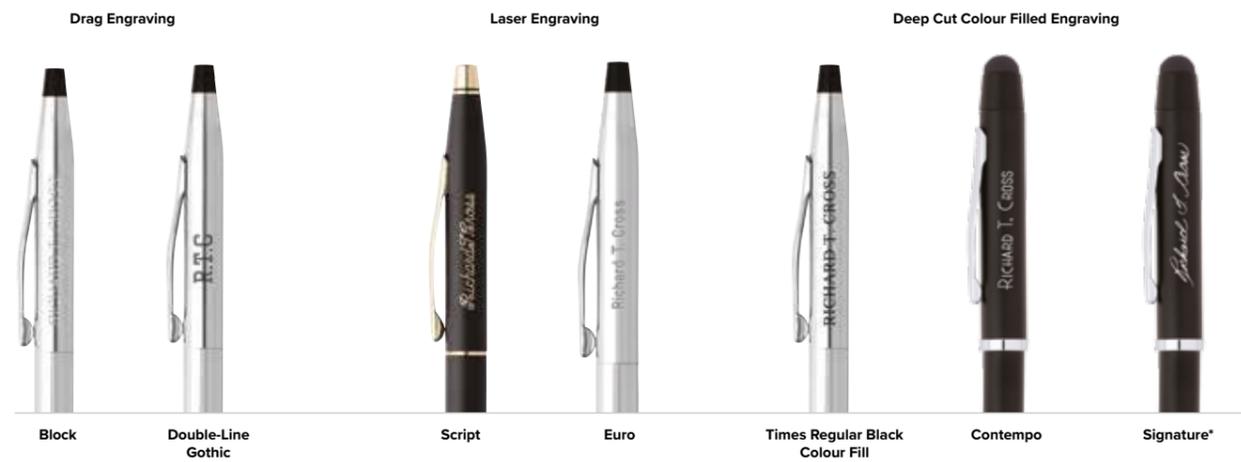

Crowned with a brilliant red Swarovski crystal.

ENGRAVING SERVICES

Most Cross writing instruments include an area on the cap for engraving. Standard caps accept one line of engraving. The barrel section of writing instruments cannot be engraved.

Lead time – standard engraving: 5 Working days.
Lead time – signature engraving: 10 working days

- Engraving methods for precious metal caps include drag, deep-cut without colour, deep-cut enamel filled, and laser.
- Drag engraving offers up to 28 characters engraved in your choice of block, script, and double-line gothic type styles.
 - For deep-cut, enamel-filled engraving, font styles include block, script, Contempo and Times Regular. Colour-fill options vary by product. Metal pen fill available in black, gold, blue, red and green. Lacquer finishes with Gold-Plated appointments include a standard colour-fill of gold tone. Lacquer and satin finishes with rhodium- or chrome-plated appointments include colour fill of silver tone.

CROSS WARRANTIES

WRITING INSTRUMENT PERPETUAL WARRANTY

All Cross writing instruments and desk set penholder mechanisms are unquestionably guaranteed against mechanical failure, regardless of age. Any Cross product or part requiring service under this warranty will be replaced at no charge when received at our factory from the consumer (postage and insurance are the responsibility of the consumer and processing fees may apply). Any such product that is no longer in production will be replaced with a comparable Cross product. Please indicate if pen has sentimental value so if replacement is necessary your original pen can be returned. Leads, erasers, ink refills and stylus tips exhausted in the course of normal use, and emblems and other customized decoration, are excluded from this warranty; also excluded are fountain pen nibs and other parts damaged from impact, unreasonable use or obvious abuse, as well as wear, aging discoloration or other deterioration of the leather wrapping. The Cross guarantee extends our assurance of a lifetime of writing pleasure to every owner of a Cross writing instrument. This warranty gives you specific legal rights, and you may have other rights which vary from state to state or jurisdiction to jurisdiction. Customers are advised to obtain insurance against loss or damage when shipping products to Cross. Without proof of shipment, Cross cannot replace product it does not receive.

APPLICABLE TO STYLUS TIPS

In no event shall Cross be liable for incidental or consequential damages of any kind or character including, without limitation, physical damage to the surface of hand-held PCs, cell phones, smart phones or other electronic devices. Some states and jurisdictions do not allow the exclusion of incidental or consequential damages, so the above exclusions may not apply to you.

LEATHER TWO YEAR WARRANTY

All Cross personal accessories are unquestionably guaranteed against mechanical failure and defects in workmanship for two years from the date of purchase. Any Cross accessory or part requiring service under this warranty will be replaced at no charge when received from the consumer at our factory. Postage and insurance are the responsibility of the consumer, and shipping and handling fees may apply. Any such product that is no longer in production will be replaced with a comparable Cross product. Logos, engraving and other decorations are excluded from this warranty, as are parts damaged from impact, unreasonable use or obvious abuse and materials which become worn in the course of normal use.

This warranty gives you specific legal rights, and you may have other rights which vary from state to state or jurisdiction to jurisdiction.

CUSTOMER SATISFACTION

We take personal pride in our products and your satisfaction is our primary concern. Should there ever be a problem, please call a Customer Service Specialist at 1-800-282-7677 or visit us at www.cross.com/warranty-services.

SHEAFFER WARRANTY

SHEAFFER FULL PERPETUAL WARRANTY

All SHEAFFER writing instruments and desk set penholder mechanisms are unquestionably guaranteed against mechanical failure, regardless of age. Any SHEAFFER product or part requiring service under this warranty will be repaired or replaced at no charge when received at our factory from the consumer (postage and insurance are the responsibility of the consumer, and processing fees may apply). Any such product that is no longer in production and cannot be repaired will be replaced with a comparable SHEAFFER product. Leads, erasers, ink refills and stylus tips exhausted in the course of normal use, and emblems and other customized decoration, are excluded from this warranty; also excluded are fountain pen nibs and other parts damaged from impact, unreasonable use or obvious abuse, as well as wear, aging discolouration or other deterioration of the leather wrapping. The SHEAFFER guarantee extends our assurance of a lifetime of writing pleasure to every owner of a SHEAFFER writing instrument. This warranty gives you specific legal rights, and you may have other rights which vary from state to state or jurisdiction to jurisdiction. Customers are advised to obtain insurance against loss or damage when shipping products to Sheaffer. Without proof of shipment, Sheaffer cannot replace product it does not receive.

WARNING

Pen caps can obstruct breathing. Keep out of mouth.
This product is not intended for children.

APPLICABLE TO STYLUS TIPS

In no event shall SHEAFFER be liable for incidental or consequential damages of any kind or character including, without limitation, physical damage to the surface of hand-held PCs, cell phones, smart phones or other electronic devices. Some states and jurisdictions do not allow the exclusion of incidental or consequential damages, so the above exclusions may not apply to you.
